MR. HUSSEIN FARES ALBADDAD

Managing Director

MR. FARES HUSSEIN ALBADDAD

Chairman

MR. HASAN FARES ALBADDAD

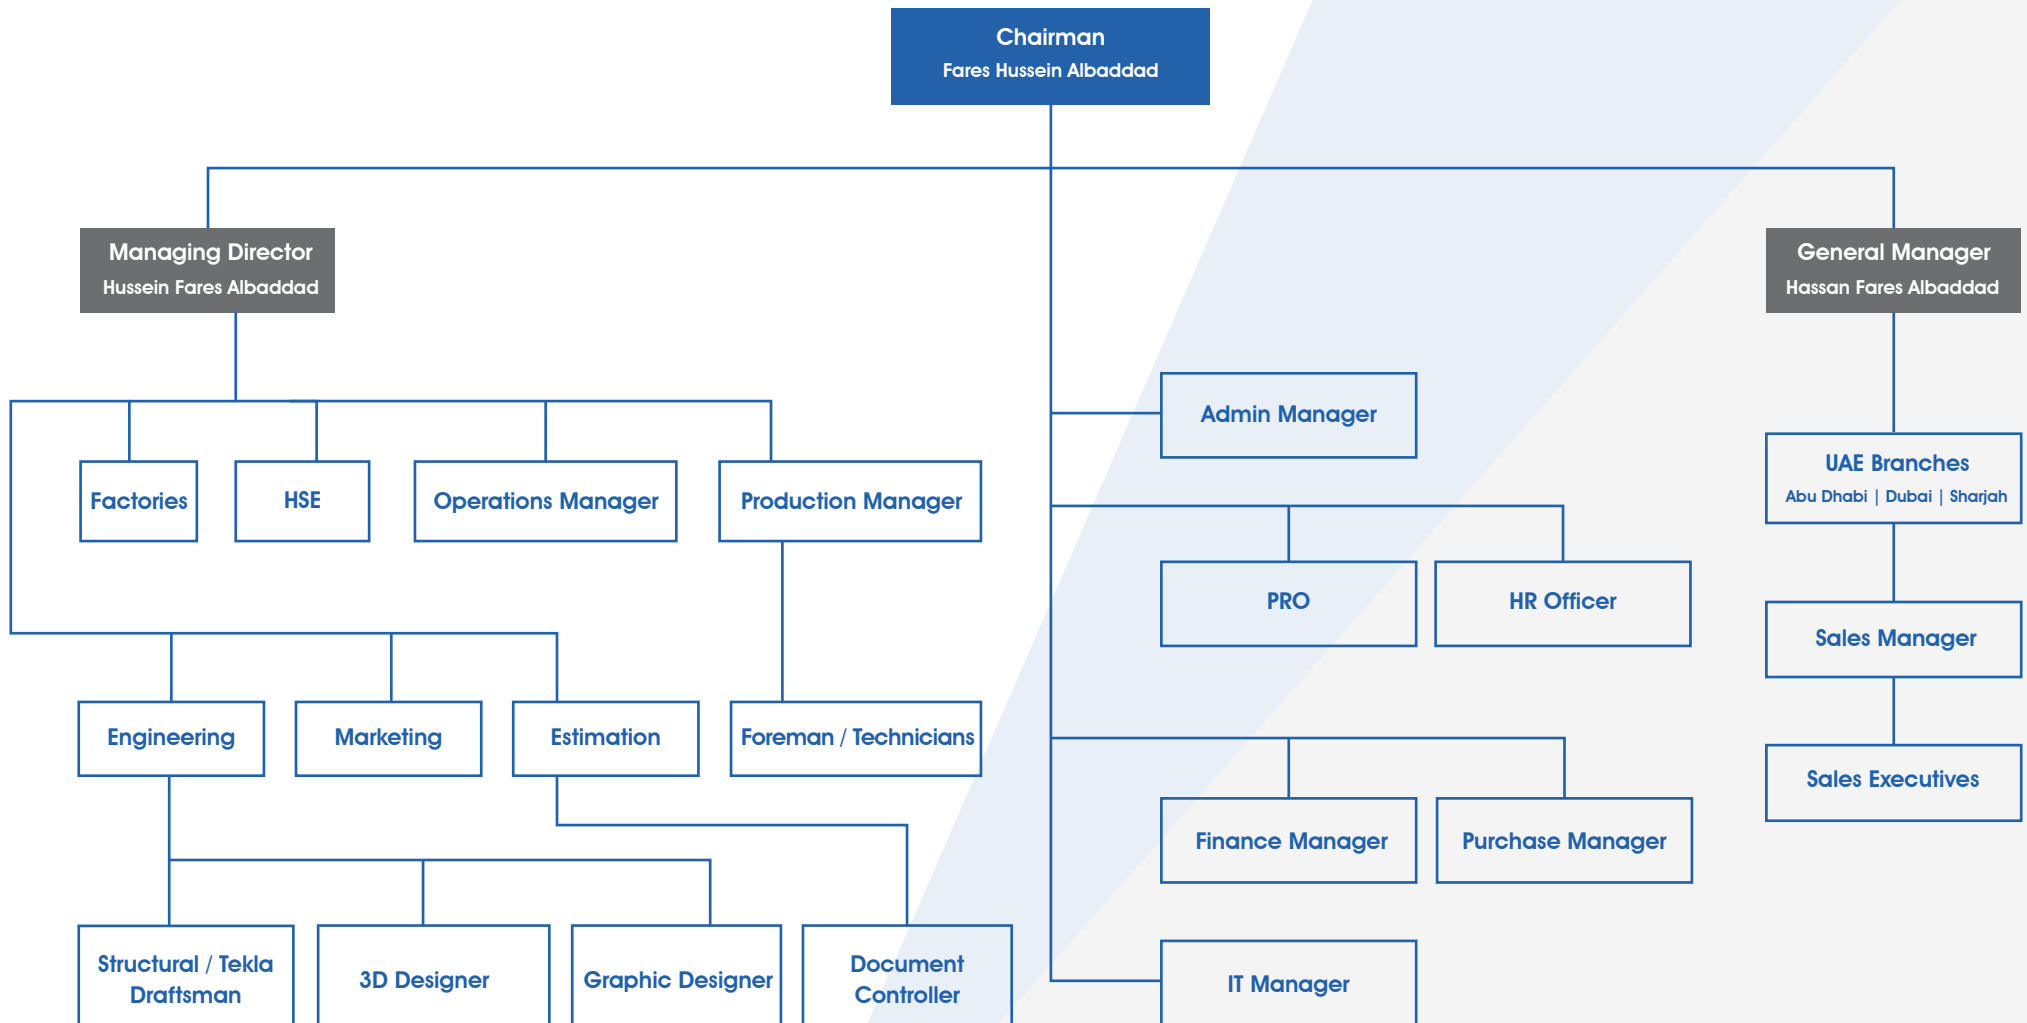

General Manager

Founded by **Fares Hussein Albaddad**, and co-founded by **Hussein Fares Albaddad**, and **Hasan Fares Al Baddad**, Al-Fares International Tent is a UAE based company that delivers top of the line solutions for tents ,shading solution and temporary structures. **Fares Hussein Albaddad** has had over 45+ in the temporary structure sector, and his sons now lead the third generation tent and shading solution legacy in the region.

"Working to Cover the World" is a philosophy that its embedded in Al-Fares International's DNA , and reflects our continuous efforts to provide high quality shading solutions worldwide. Our products consists of the finest raw material, manufactured by state of the art CNC machines, and guided by the **international health and safety regulation (OSHA)** to assure the precision and quality that is required in meeting our clients needs.

Al Fares International is driven by its highly experienced and attentive to detail team. We are guided by our strong corporate values to provide top of the line service, that is in line with international safety standards, which is why we have adopted a "Zero Accident Policy". As a result, all of our structures are manufactured using International Engineering Building Codes and experienced personnel.

ORGANIZATIONAL STRUCTURE

VISION

Al Fares Intl.Tents aspires for a worldwide leading market position by delivering outstanding engineering solutions for tents, shading solutions, temporary structures and marquees reinforcing world-wide corporate alliances, and keeping principled morals and values as our foundation for the success and growth to meet the needs of our society.

MISSION

Working to cover the world by providing the finest products to our clients that exceed their expectations through the availability of custom made tents that satisfy many different desires and needs, allowing us to become part of special occasions and making them achievable, and being the leaders in our category.

VALUES

We work under the moralities of honesty, transparency, and reliability to guarantee our customers to get the greatest service and products. we aim to achieve the highest admiration from our customers through respect and hard work.

DEPARTMENTS

DESIGN

In Al Fares, we try our best to bring out the finest in every department to ensure our customers get the finest quality of products and services. The design team is well trained, experienced, and skilled in designing exceptional and innovative designs.

INSTALLATION

Our team is well trained and able to achieve success with the installation and uninstillation of our products. Our well trained team has been studying and analysing this method in order to deliver and install any structure possible. In Al Fares, we are the best in our service of installation and we continue to be the fastest, most efficient and well organized.

ENGINEERING

Al Fares was able to gather a team of skilled and dedicated engineers that have mastered the construction of tents, mobile halls, prefabricated buildings, and more. Our engineers continue to provide us with the best solutions, as we at Al Fares follow international standards.

MAINTENANCE

In Al Fares, maintenance is one of our biggest sector. In order to deliver excellence of the products, our team makes sure we have the highest quality of products as they make sure the products remain clean and in excellent condition. This also includes detecting any defects on the structure, PVC, hoods, and flooring leaving no room for any complaints.

WIND LOAD:

- Max. 100km/h (Can be reinforced)

ALLOWED TEMPERATURE CONDITION:

- 30 degree Celsius to +70 degree
- Celsius (Minus thirty to plus seventy)

Hard Pressed Extruded Aluminium T6.

STEEL STRUCTURES

WIND LOAD:

- Max. 120km/ h, 0.5kn/ sqm.
- The structure system is strong, fastness, Anti-corrosion and rustles.
- German standard DIN4102 B1, M2 & US CFM701.

TENT ACCESSORIES

PVC FABRIC MATERIAL

- 950 gsm, Flame Retardant
- UV Resistant
- Water Proof
- Black Out
- Humidity and Dust Proof
- Colour Options

Clear PVC

Glass Panel

GLASS FRAME MATERIAL:

- High-strength aluminium alloy with Fluorine carbon paint coating(PVDF).
- Connector is made of zinc powder-coated steel.
- The frame is strong, durable, light in weight,not easy to rust and distort.

Soft PVC

INTERNATIONAL SAFETY STANDARDS

TO DEMONSTRATE OUR COMMITMENT TO SAFETY STANDARDS, WE WILL:

- Strive to be an incident-free organisation, where no one knowingly commits an unsafe act.
- Provide a safe, healthy and environmentally - conscious working environment through the effective implementation of the policy.
- Ensure all workers are trained and have the knowledge and skills they need to undertake their work in a safe, healthy and environmentally responsible manner.
- Engage in effective consultation and open communication about HSE issues with our workers and worker representatives.
- Conduct incident investigations fairly, with a focus on implementing preventive actions.
- Ensure appropriate resources are applied to fulfil the aims of the policy.
- Promote a "SAFETY FIRST CULTURE."
